PATIENT GROUP

What Is A Patient Participation Group?

PPGs act as a voice for patients and provide a venue for patients and healthcare professionals to discuss and make decisions together, ensuring services better meet patient needs and priorities. Your voice, your care.

About Our Group

Simpson House Patient Participation Group was founded more than a decade ago, in April 2014. The Group exists as a link between the patients and the Practice and meets around 4 times per year. Senior practice staff also attend the meetings.

We Need YOU!

We need an injection of new members, especially families and younger people. The only criteria being that you must be a registered patient at the Practice.

How Do I Join?

That's easy – meetings are held in the Conference Room at the Practice. Just come along to the next one or contact us via our website: <https://simpsonhouseppg.org.uk/> or scan the QR Code on the right with your mobile device camera →

Email us at: ppg@simpsonhouseppg.org.uk
