

## PATIENT GROUP

### What Is A Patient Participation Group?

PPGs act as a voice for patients and provide a venue for patients and healthcare professionals to discuss and make decisions together, ensuring services better meet patient needs and priorities.

### About Our Group

Simpson House Patient Participation Group was founded more than a decade ago, in April 2014. The Group exists as a link between the patients and the Practice and meets around 4 times per year. Senior practice staff also attend the meetings.

### We Need YOU!

We need an injection of new members, especially families and younger people. The only criteria being that you must be a registered patient at the Practice.

### How Do I Join?

That's easy – meetings are held in the Conference Room at the Practice. Just come along to the next one or contact us via our website: <https://simpsonhouseppg.org.uk/> or scan the QR Code on the right with your mobile camera →

Email us at: [ppg@simpsonhouseppg.org.uk](mailto:ppg@simpsonhouseppg.org.uk)
